

WELCOME LETTER

Dear Colleagues and Friends,

It is an honour to invite you to the **INTERNATIONAL BIOSCIENCE CONFERENCE 2016, the 6th joint INTERNATIONAL PSU-UNS BIOSCIENCE CONFERENCE – IBSC 2016**, which will be held on **September 19-21, 2016** in the city of **Novi Sad, Serbia**.

The International Bioscience Conferences are held every two years and represent the seal of a long-standing partnership between the Prince of Songkla University from Thailand and the University of Novi Sad from Serbia. **IBSC 2016** is a joint endeavor to create a forum for networking, sharing ideas and achievements and hence contributing to the overall advancement in the complex and multifaceted field of bioscience.

The chosen conference topics aim at providing knowledge, expertise, results and novel ideas in biosciences ranging from fundamental research, advancement in industrial research and strengthening the ties between industry and academia, with the overall goal of creating innovative approaches in solving the key challenges that the society is facing.

IBSC 2016 puts a special emphasis on: Biodiversity and Environment; Physiology of living organism; Biotechnology, Bioengineering and Biosensing; Bioactive natural products-biochemistry and pharmacology and Agriculture, Food Science and Technology.

We look forward to welcoming more than 200 hundred international scientists to the **IBSC 2016** and Novi Sad, the city on the River Danube, the city of European history and Balkan hospitality, the cultural, economic, political and administrative centre of the Autonomous Province of Vojvodina in the north of Serbia, a modern university city, multicultural and multilingual urban centre, famous for its calmness and cordiality.

Prof. Dr. Neda Mimica Dukić

The IBSC 2016 Chairperson - President of the IBSC 2016 Scientific Committee
